## INTRODUCTION

Buttress Enterprises Ltd, established in 2012 and incorporated in 2016, is a leading center of excellence for metal fabrication design. We specialize in offering a comprehensive range of engineering and designs services tailored to meet the unique needs of our clients. With a reputation for delivering innovative solutions and timely project completions, we are recognized for our integrity, professionalism, and outstanding service.

## Our Mission

Our mission is to transform spaces by delivering world-class designs and engineering solutions. We strive to provide innovative and sustainable designs, ensuring the seamless execution of all projects while meeting client expectations.

### History:

The company was registered in 2012 in Kenya and later was incorporated in 2016. The Directors of the company wish to establish a closer connection between Kenya and other East Africa countries, with an obvious benefit for both parties in terms of cost reduction, knowledge sharing and idea development.

### Who we are:

Buttress Enterprises Ltd provides comprehensive design & consulting services for Developers, Property Owner and General Contractors.

You will need no other design professional when you hire us for your project.
